

Course 1

Based on feedback from users of the first edition, COMAP has completed a major revision of Course 1, now available in multiple formats to meet your schools needs.

- Some units are completely rewritten (i.e., Pick a Winner and Landsat, which is now titled Scene from Above). Other units are streamlined while retaining the thematic, modeling approach.
- Most units are shorter. The revised Course 1 has a total of 57 Activities— a 39% reduction from first edition's 93.
- Each Activity and Individual Work has a clear statement of purpose in the student edition and in the teacher materials.
- Lesson structure is more consistent than in the first edition from unit to unit.
- Many activities are shorter than in first edition; they are designed for completion in one 45-minute class period.
- Individual Work offers more mathematical practice problems.
- Both quantity of reading and reading level are reduced.
- FYI, Take Note, and Modeling Note features call attention to key facts.
- Teacher Notes indicate which Individual Work questions are essential to future development work and which are calculator related.
- Chapter summaries are clearer and more succinct in their review of important mathematics.

Product # and Prices:

1108 E-Course/Class Set Includes: \$1000 plus free shipping

- 1110** Student Edition CDROM, **Qty. 25**
- 1112** Teacher's Edition CDROM, **Qty. 1**
- 1113** DVD Video, **Qty. 1**

1109 Print Course/Class Set Includes: \$1975 plus 10% shipping

- 1111** Student Edition Print Text, **Qty. 25**
- 1112** Teacher's Edition CDROM, **Qty. 1**
- 1113** DVD Video, **Qty. 1**

Extra Course 1 Material

- 1110** Student Edition CDROM, \$40.00 ea.
- 1111** Student Edition Print Text, \$79.00 ea.
- 1112** Teacher's Edition CDROM, \$88.00 ea.
- 1113** DVD Video, \$99.00 ea.

For every 25 student editions purchased receive one free Teacher's edition CDROM and one free DVD Video.
